INSTITUTIONAL COLOURS

E-RIHS has one main colour, red, that is complemented by dark beige, light grey and blue forming the primary colours of the brand. These colours must be used for **general and institutional communications**, such as news, events and others.

In addition, white is used as neutral colors to balance the other institutional brand colours.

PLATFORM COLOURS

Within E-RIHS there are four main access platforms:

- ARCHLAB
- MOLAB
- FIXLAB
- DIGILAB

To differentiate their activities within E-RIHS and separate them from E-RIHS institutional communication, each platform will be identified by one colour that composes the logo's symbol and therefore composes E-RIHS.

MAIN LOCKUP

E-RIHS logo consists of three elements. The icon, the wordmark and the payoff. The full logo should only appear in full colour or grayscale. Both follow the same usage rules, such as minimum size.

In no way should the logo be modified, redrawn and distorted.

The logo is protected as a trademark in Europe, US, BR, PE, Canada and Argentina. The use of the logo must be required and supervised by the Communications Office.

SECONDARY LOGO

The secondary logos have **very restrictive usage**. It can **only** be employed in **social media** where the main logo cannot fit the layout.

The secondary logos guarantee E-RIHS visibility social media communication without compromising the brand recognizability and it's aesthetic nature.

SCALING

THE BRAND
USAGE RULES

The rules demonstrated here are valid the logos lockups and must **always** be respected.

INCORRECT LOGO USAGE

Do not alter the symbol

Do not change the proportion of the elements
Do not eliminate elements from the logo

Do not re-arrange the elements of the logo

Do not use a colour outside from the institucional colour palette

THE BRAND
USAGE RULES

USE IN IMAGES

The logotype should always be visible and not lost on busy backgrounds and textures.

If the legibility of the logo is ever compromised create a colour box on top of the image to place the logo.

THE BRAND
**NATIONAL
PERSONALIZATION**

NATIONAL LOGO

The logo must be used locally and it should be customised at a national level. Next to the name E-RIHS is added a dot and the abbreviation of the regional branch in **lower case**, alluding to the website.

For example, E-RIHS.fr is allowed, but 'E-RIHS.FRANCE', 'E-RIHS.FR', 'E-RIHS.Île-de-France' cannot be used.

The addition must appear in **Montserrat Extra Bold**.

For all national usage, regardless of location, the logo must respect all of its rules of usage (minimum size, colour...).

- The Wordmark must be in the brand's red.
- The payoff must be in dark beige.
- The Symbol cannot be altered.
- The composition cannot be altered.

*A branch personalization file with an editable logo and font will be provided to each regional office where E-RIHS is currently active.

COMMUNICATION

E-RIHS IS MADE UP OF FOUR ACCESS PLATFORMS:

FIXLAB

FIXED LABORATORIES

Access to large-scale and medium-scale facilities for sophisticated scientific investigations on samples or whole objects, revealing their microstructure and chemical composition, giving essential and invaluable insights into historical technologies, materials, alteration and degradation phenomena or authenticity.

MOLAB

MOBILE LABORATORIES

Access to an impressive array of advanced mobile analytical instrumentation for non-invasive measurements on valuable or immovable objects, archaeological sites and historical monuments. The Mobile LABORatory allows its users to implement complex multi-technique diagnostic projects, permitting the most effective in situ investigations.

ARCHLAB

ARCHIVES

Access to specialized knowledge and organized scientific information – including technical images, analytical data and conservation documentation – in datasets largely unpublished from archives of prestigious European museums, galleries and research institutions.

DIGILAB

DIGITAL DATA AND TOOLS

Virtual access to scientific data concerning tangible heritage, making them FAIR (Findable, Accessible, Interoperable, Reusable). It includes searchable registries of multidimensional images, analytical data and documentation from large academic as well as research and heritage institutions
